## Awards and Decorations Manual

**Fifth Edition  
August 2020**

## **Introduction**

The idea of an award and recognition scheme is intended to be a subtle way to build a spirit of community and service among the members of STARFLEET Medical.

This edition of the manual sees a move away from the previous system of using ribbons to designate awards to a series of unique designs that are the intellectual property of STARFLEET Medical. Anyone who received an award under previous iterations of the scheme is fully entitled to wear them if they so wish. The change of design, and in some case, of name does not in any way detract from the achievements that have been previously recognised.

All STARFLEET Medical awards are recorded in the SFI Member Eligibility Record.

Training under STARFLEET Medical is now managed via a separate training programme. Full information can be found on the STARFLEET Medical website at: <https://medical.sfi.org/resources/medical-training/>

We would like to acknowledge the work of the officers of STARFLEET Medical who assisted in the design of this, and the previous editions of this manual:
